Residential on 0.23 Acres

Forestburg, Forestburg, Alberta

Step into this 1 of a kind property with ICF to the ceiling and triple glazed windows. This home is literally sound proof and energy efficient. There is a large living room with a gas fireplace to keep you warm in the colder winter months. Kitchen is well designed with plenty of storage, dining area and granite countertops. There is a cozy office between the dining area and the living room. Down the wide hallway you will find a 4 pc bath, 2nd bedroom or office and then the primary bedroom. The primary bedroom has its own 4 pc bathroom and large closet. There is a bonus room off the primary currently used for a hot tub, but would make a great gym area, craft room or just about anything you can think of. Downstairs is partially finished with 2 more bedrooms, another 4 pc bathroom and summer kitchen. There is a huge laundry/hobby room as well, plus a wine cellar.

Outside, the yard is very private with a good amount of bushes and trees. There is 10x25 storage shed with a gravel floor, a detached 24x36 heated double garage with a workshop and fenced RV parking. Large deck with wheel chair access if needed.
